Fully automatic online service

You can disable DPF, EGR, adBlue, IMMO and more...

Watch the Video →

✓

We have improved our algorithms to successfully pass validation of
Vehicle Emission Inspection
in USA, Canada, Australia and other countries.

Works 24/7

The service is available 24 hours a day.

Free registration!

Registration in the service is free of charge. You pay only
when you want to download the file.

Only tested solutions

All solutions were tested on real cars.

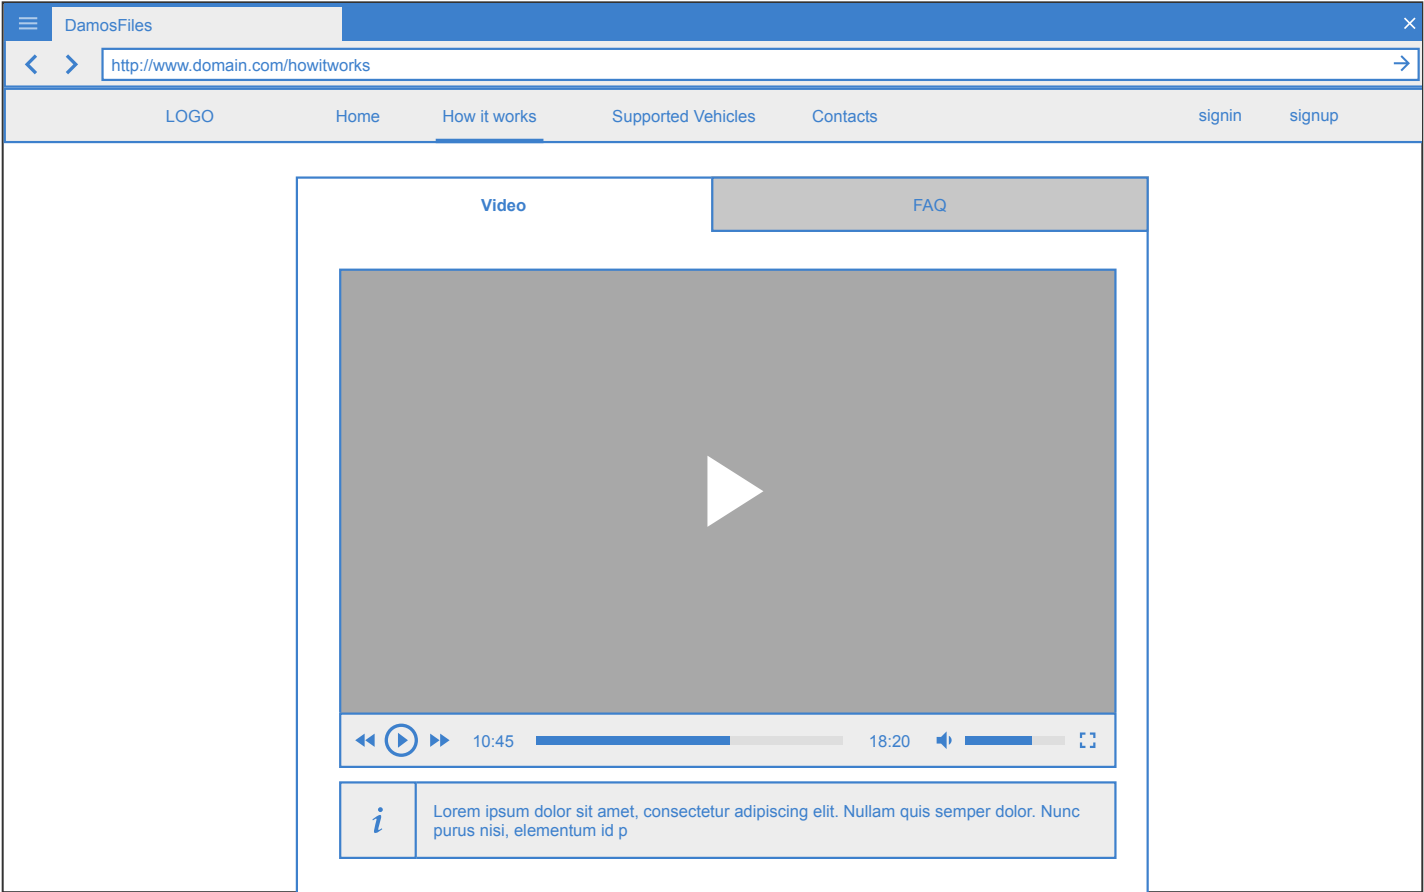

Quick and Reliable

DPF off service is a fully automatic online service to work with the ECU of vehicle. Service is available 24 hours a day. We have gathered the best practices on how to disable DPF, EGR, adBlue and etc. The service works automatically. But the result is the same as if we did this work by hand. We developed unique architecture that uses a lot of checks to reducing of the errors. The file will be processed only when all the checks are completed successfully.
